

Kill 99.999% of bacteria*

Introducing the Ionator: Breakthrough Technology from Activeion

Developed from advanced technology that was previously unavailable for everyday use and typically cost several thousand dollars, the Ionator is a portable on-demand cleaning and sanitizing technology available to everyone.

Independent third-party testing demonstrates that the Ionator kills 99.999 percent of common bacteria with a simple six-second spray of nontoxic ionized water.

The Ionator, which will be available for \$329 and includes a two-year warranty, offers cleaning professionals the opportunity to save ten times that.

With the Ionator, professional cleaners everywhere now have a sanitizing option that saves time, reduces cost and protects the environment.

The Ionator, COMING SOON.

same benefits. better technology.

Get the same great benefits of the widely adopted Activeion Pro with the new Ionator.

smart savings

The **Grand Haven Area Public School District** in Grand Haven, Mich., purchased the Activeion Pro and eliminated eight chemical cleaners in the process, saving \$22,588 in the first year alone.

With the savings, they are now purchasing other much-needed equipment.

superior sustainability

A **carbon footprint analysis done by the University of Tennessee/EcoForm**

found that cleaning with Activeion instead of traditional chemicals reduces energy consumption and pollution formation between 97 and 100 percent across seven key indicators of sustainability: **energy, greenhouse warming gases, ozone, smog, acid, water eutrophication and particulates.**

sanitizing*

Testing performed according to the EPA GLP protocol shows the Ionator kills common bacteria:

- *Salmonella*
- MRSA
- *E. coli*
- *Listeria*
- *E. coli* O157:H7
- VRE
- *Pseudomonas*

(EPA Est: #086143-MN-001)

happier people

Two **Baltimore elementary schools** found that worker morale improves when cleaning with Activeion's advanced technology instead of fatiguing, trigger-spray bottles filled with traditional chemicals.

"When you have professional tools, you feel and act like a professional."

— **CLEMENCIA VILA, PRESIDENT OF LCL SERVICES, INC.**
The cleaning company for Baltimore schools

outstanding cleaning

Testing by the **Toxics Use Reduction Institute (TURI) at the University of Massachusetts** confirms Activeion technology cleans as well as or better than the traditional:

- Glass Cleaner ✓
- All Purpose Cleaner ✓
- Stainless Steel Cleaner ✓
- Whiteboard Cleaner ✓
- Carpet Spotter ✓

RESIDUE LEFT BEHIND USING
ACTIVEION TECHNOLOGY: **NONE**

superb safety

With Activeion, safe and sustainable cleaning is free and clear of chemical-related health warnings.

*When used as directed.
